Join the Muslim Student Association of Notre Dame in bringing the American Friends Service Committee to campus!

The American Friends Service Committee is offering an Islamophobia training to:

- Develop an analysis of Islamophobia and how it affects our community
- Unpack the dominant myths and narratives around Muslims/Islam
- Move from looking at Islamophobia as individual acts toward an analysis of state violence and systems of oppression
- Move the concept of allyship away from personal individual acts toward an understanding of the power of movements led by the affected communities

Saturday, April 14 in the COMO Lounge from 12-3PM
Lunch will be provided
